

Ella's Fella

Current Lyrics

VERSE 1

Hot summer sun, not a cloud in the sky
Rockin' on the porch, watchin' cars roll by
Sweet tea sweatin' in a Mason jar
Ella on the radio, stealin' my heart

I hear every cowboy thinks he's the one
Chasin' that girl like she's settin' sun
From Tennessee down to Alabama
They're all makin' plans to charm that charmer

PRE-CHORUS

They can line up, they can take their shot
Bein' one of many ain't what I got!

CHORUS

I don't wanna be one of Ella's Fellas
Another cowboy tryin' to impress her
They can tip their hats, they can stand in line

I'm sittin' right here with a dream of mine
Let 'em all keep wishin' they could get together
I'm dreamin' 'bout bein' her **ONLY FELLA!**

VERSE 2

I see us ridin' with the windows down
Her boots on the dash while we're rollin' through town
Friday night dancin' underneath neon light
Her hand in mine and everything feels right

Maybe she'd laugh at the songs that I write
Maybe we'd talk on the porch half the night
Maybe one day, when somebody says, "Who's he?"
She'd smile real big and point over at me

PRE-CHORUS

They can line up, they can take their shot
Bein' one of many ain't what I got!

CHORUS

I don't wanna be one of Ella's Fellas
Another cowboy tryin' to impress her
They can tip their hats, they can stand in line

I'm sittin' right here with a dream of mine
Let 'em all keep wishin' they could get together
I'm dreamin' 'bout bein' her **ONLY FELLA!**

BRIDGE

Then the ice melts down in that Mason jar
That daydream fades, but it don't fade far

Still on this porch with the sun sinking low
But where dreams can take you, you never quite know

FINAL CHORUS

I don't wanna be one of Ella's Fellas
Another cowboy tryin' to impress her
They can tip their hats, they can stand in line

I'm sittin' right here with a dream of mine
Let 'em all keep wishin' they could get together
I'm dreamin' 'bout bein' her **ONLY FELLA!**
